The wetlands digital data was created from the Wisconsin Wetland Inventory Maps by the DNR Bureau of Watershed Management who is the custodian and sole distributor of this data. The DNR will not be liable in anyway for the accuracy of the data and the fitness of use rests entirely upon the purchaser.

The base map was created by the Outagamie County Planning Department and the 2000 Existing Land Use data was created by East Central Wisconsin Regional Planning Commission. Neither entity assumes any liability for the accuracy of this data or any use or misuse of its content.
