

SEC. 8-1-6 REGULATION OF LENGTH OF LAWN AND GRASSES.

- (a) **Purpose.** This Section is adopted due to the unique nature of the problems associated with lawns, grasses and noxious weeds being allowed to grow to excessive length in the Village of Nichols.
- (b) **Public Nuisance Declared.** The Village Board finds that lawns, grasses and noxious weeds on non-agricultural lots or parcels of land, within the Village of Nichols which exceed twelve (12) inches in length adversely affect the public health and safety of the public in that they tend to emit pollen and other discomfoting bits of plants, constitute a fire hazard and a safety hazard in that debris can be hidden in the grass, interferes with the public convenience and adversely affects property values of other land within the Village. For that reason, any non-agricultural lawn, grass or weed on a lot or other parcel of land which exceeds twelve (12) inches in length is hereby declared to be a public nuisance, except for property located in a designated floodplain area and/or wetland area or where the lawn, grass or weed is part of a natural lawn approved pursuant to Section 8-1-5 above.
- (c) **Nuisances Prohibited.** No person, firm or corporation shall permit any public nuisance as defined in Subsection (b) above to remain on any premises owned or controlled by him within the Village.
- (d) **Inspection.** The Weed Commissioner or his designee shall inspect or cause to be inspected all premises and places within the Village to determine whether any public nuisance as defined in Subsection (b) above exists.
- (e) **Abatement of Nuisance**
 - (1) If the Weed Commissioner shall determine with reasonable certainty that any public nuisance as defined in Subsection (b) above exists, he shall immediately cause written notice to be served that the Village proposes to have the lot grass or lawn cut so as to conform with this Section and Section 8-1-5.
 - (2) The notice shall be served at least five (5) days prior to the date of the hearing and shall be mailed or served on the owner of the lot or parcel of land or, if he is not known and there is a tenant occupying the property, then to the tenant, of the time and place at which the hearing will be held.
- (f) **Due Process Hearing.** If the owner believes that his grasses or weeds are not a nuisance, he may request a hearing before the Village Board. The request for said hearing must be made in writing to the Village Clerk's office within the five (5) days set forth in the Weed Commissioner's notice. If a special meeting is requested, the cost thereof shall be paid by the property owner. Upon application for the hearing, the property owner must deposit a Twenty-five Dollar (\$25.00) bond. If a decision is rendered in the property owner's favor, the Twenty-five Dollars (\$25.00) will be returned to the property owner. If the property owner fails to appear for the hearing or if the decision is rendered against the property owner, the deposit shall be forfeited and applied to the cost of Village personnel abating the nuisance, if necessary. When a hearing is requested by the owner of the property, a hearing by the Village Board shall be held within seven (7) days from the date of the owner's request. The property in question will not be mowed by the Village until such time as the hearing is held by the Board. At the hearing, the owner may appear in person or by his attorney, may present witnesses in his own behalf and may cross-examine witnesses presented by the Village as well as subpoena witnesses for his own case. At the close of the hearing, the Village Board shall make its determination in writing specifying its findings, facts, and conclusions. If the Village

- (2) Natural lawns shall not be removed through the process of burning unless stated and approved as one of the management and maintenance techniques in the Lawn Management Plan. The Fire Chief shall review all requests to burn natural lawns and shall determine if circumstances are correct and all applicable requirements have been fulfilled to insure public safety. Burning of natural lawns shall be strictly prohibited unless a written permit to burn is issued by the Fire Chief. The Fire Chief shall establish a written list of requirements for considering each request to burn natural lawns, thereby insuring the public safety. In addition, the property owner requesting permission to burn the natural lawn shall produce evidence of property damage and liability insurance identifying the Village as a party insured. A minimum amount of acceptable insurance shall be Three Hundred Thousand Dollars (\$300,000.00).
- (f) **Revocation Of An Approved Natural Lawn Management Plan Permit.** The Village President, upon the recommendation of the Weed Commissioner, shall have the authority to revoke an approved Natural Lawn Management Plan Permit if the owner fails to maintain the natural lawn or comply with the provisions set forth in this Section. Notice of intent to revoke an approved Natural Lawn Management Plan Permit shall be appealable to the Village Board. All applications for appeal shall be submitted within fifteen (15) calendar days of receipt of the written Notice of Intent to revoke the approved Natural Lawn Management Plan. Failure to file an application for appeal within the fifteen (15) calendar days shall result in the revoking of the Natural Lawn Management Plan Permit. All written applications for appeal filed within the fifteen (15) calendar day requirement shall be reviewed by the Village Board in an open meeting. The decision rendered by the Village Board shall be final and binding.
- (g) **Public Nuisance Defined — Abatement After Notice.**
- (1) The growth of a natural lawn as defined in this Section shall be considered a public nuisance unless a Natural Lawn Management Plan has been filed and approved and a permit is issued by the Village as set forth in this Section. Violators shall be served with a notice of public nuisance by certified mail to the last-known mailing address of the property owner.
 - (2) If the person so served with a notice of public nuisance violation does not abate the nuisance within ten (10) days, the Enforcement Officer may proceed to abate such nuisance, keeping an account of the expense of the abatement, and such expense shall be charged to and paid by such property owner. Notice of the bill for abatement of the public nuisance shall be mailed to the owner of the premises and shall be payable within ten (10) calendar days from receipt thereof. Within sixty (60) days after such costs and expenses are incurred and remain unpaid, the Village Clerk shall enter those charges onto the tax roll as a special tax as provided by State statute.
 - (3) The failure of the Village Clerk to record such claim or to mail such notice or the failure of the owner to receive such notice shall not affect the right to place the Village expense on the tax rolls for unpaid bills for abating the public nuisance as provided for in this Section.
- (h) **Penalty.**
- (1) Any person, firm or corporation which does not abate the nuisance within the required time period or who otherwise violates the provisions of this Section shall be subject to the general penalty found in Section 1-1-6.
 - (2) In addition to any penalties herein provided, the Village may issue stop work orders upon owners of lots where work is unfinished under a previously issued building permit for any violation of this Section.

Board determines that a public nuisance did exist, the Board shall order the Weed Commissioner to mow the property in question unless the property has been mowed by the owner within forty-eight (48) hours of the Village Board's decision. If the owner does not abate the nuisance within the described 48 hours, the Weed Commissioner shall cause the same nuisance to be abated and cost in excess of the forfeited fee assessed accordingly.

- (g) **Village's Option To Abate Nuisance** In any case where the owner, occupant or person in charge of the property shall fail to cut his lawn, grass or weeds as set forth above, then, and in that event, the Village may elect to cut said lawn, grass or weeds as follows:
- (1) The written notice required in Subsection (e) shall inform said person that in the event of his failure to abate the nuisance within the prescribed time, the Village shall abate the same and the cost thereof shall be assessed to the property owner as a special charge.
 - (2) The Village shall cut or cause to be cut all grass and weeds from the subject's property and shall charge the expenses of so doing at a rate as established by resolution by the Village Board. The charges shall be set forth in a statement to the Village Clerk who, in turn, shall mail the same to the owner, occupant or person in charge of the subject premises. If said statement is not paid in full within thirty (30) days thereafter, the Village Clerk shall enter the charges in the tax roll as a special tax against said lot or parcel of land, and the same shall be collected in all respects like other taxes upon real estate, or as provided under Sec. 66.615(3)(f), Wisconsin Statutes.

SEC. 8-1-7 COMPULSORY CONNECTION TO VILLAGE SEWER AND WATER SYSTEM.

- (a) Whenever public sewer or water service has become available to any building used for human habitation or human occupancy, the Village Board shall notify in writing the owner, agent or occupant thereof to connect such facilities thereto. If such persons to whom the notice has been given shall fail to comply for more than ten (10) days after notice, the Village Board shall cause the necessary connections to be made and the expenses thereof to be assessed as a special tax against the property pursuant to Section 144.06 of the Wisconsin Statutes.
- (b) The Village Board may extend the time for connection hereunder or may grant other temporary relief where strict enforcement would work an unnecessary hardship without corresponding public or private benefit.
- (c) This Section is enacted pursuant to Section 144.06 of the Wisconsin Statutes.

SEC. 8-1-8 UNAUTHORIZED DISCHARGE OF WATER.

- (a) It is unlawful for any person, firm, or corporation to discharge any water into the Village of Nichols sanitary sewers from any connecting eave troughs, rain water leaders, down spouts, including cistern overflows, surface drains, foundation drains, drain tiles, sump pumps, air conditioning systems, industrial cooling operations, or the like.
- (b) It is required that every residence, dwelling, or structure in the Village of Nichols of every kind or nature, under which there is a basement or cellar in which there is a floor drain or other outlet connected with the sanitary sewer system of the Village of Nichols, to have all leaking basement walls effectively sealed against the admission of water and any basement which cannot be

- effectively sealed to have the floor drain or other outlet sealed against any further admission of clear water.
- (c) It is required that every residence, dwelling, or structure in the Village, under which there is a basement or cellar in which there is a floor drain or other outlet connect with the sanitary sewer system of the Village of Nichols, to have a sump pump, and foundation drain tile system or floor gutter system constructed in such manner as to effectively collect ground water seepage along basement walls and to discharge this collected water in a manner and to a point outside the building lines where it cannot gain admission into the sanitary sewer system.
 - (d) It is required that the owner of any property situated in the Village of Nichols, whereon a building sewer is determined to contribute excessive amounts of infiltrated clear water to the sanitary sewer system, to either seal or replace such building sewer.
 - (e) It is required that the owner of any property situated in the Village whereon any eave troughs, rain water leaders, down spouts, cistern overflows, surface drains, foundation drains, drain tiles, sump pumps, air conditioning systems, industrial cooling operations, or the like, are presently connected so as to discharge into the sanitary sewer system of the Village of Nichols, to disconnect all such connections.
 - (f) It is required that every residence, dwelling, or other structure in the Village of Nichols under which there is a basement or cellar in which there is a floordrain or other outlet connected with the sanitary sewer system of the Village to be equipped with eave troughs and roof leaders or downspouts and each such roof leader or downspout shall be so extended, constructed, or otherwise arranged as to convey the water at least five (5) feet from the foundation walls of the building or otherwise release the water in such manner or at such point as will not permit the water to drain toward the basement walls.
 - (g) The Village officials and other duly authorized employees of said Village of Nichols, bearing proper credentials and identification, are hereby permitted and authorized, at all reasonable times to enter upon all properties within said Village for the purpose of inspecting, observing, and testing to ascertain compliance with this Section.
 - (h) Every person, firm or corporation in said Village of Nichols shall within thirty (30) days of the effective date of this resolution comply with this Section. A person, firm or corporation shall for good cause shown to the Village Clerk be granted an extension of not more than sixty (60) days to comply with this Section in addition to the first thirty (30) days herein upon a written request for said extension setting forth the reason for delay and compliance with this Section. Any person, firm, or corporation who fails to comply with this Section within the time limits aforesaid shall be subject to a forfeiture as prescribed in Section 1-1-6

CHAPTER 2

Pollution Abatement

- 8-2-1 Cleanup of Spilled or Accidentally Discharged Wastes
- 8-2-2 Storage of Polluting Substances

SEC. 8-2-1 CLEANUP OF SPILLED OR ACCIDENTALLY DISCHARGED WASTES.

- (a) **Cleanup Required.** All persons, firms, or corporations delivering, hauling, disposing, storing, discharging or otherwise handling potentially polluting substances, solid or liquid, such as, but not limited to, the following: fuel oil, gasoline, solvents, industrial liquids or fluids, milk, grease trap and septic tank wastes, sewage sludge, sanitary sewer wastes, storm sewer catch-basin wastes, oil or petroleum wastes, shall immediately clean up any such spilled material to prevent its becoming a hazard to health or safety or directly or indirectly causing pollution to the lakes and streams under the jurisdiction of the Village.
- (b) **Notification.** Spills or accidental release of hazardous materials or pollutants at a site or of a quantity or nature that cannot adequately be cleaned up by the responsible party or parties shall be immediately reported to the Village Clerk-Treasurer so that assistance can be given by the proper agency.
- (c) **Financial Liability.** The party or parties responsible for the release, escape or discharge of wastes shall be held financially liable for the cost of any cleanup or attempted cleanup deemed necessary or desirable and undertaken by the Village, or its designated agent, in an effort to minimize the pollutorial effects of the discharged waste.

SEC. 8-2-2 STORAGE OF POLLUTING SUBSTANCES.

It shall be unlawful for any person, firm or corporation to store any potentially polluting substances unless such substances are stored in such manner as to securely prevent them from escaping onto the ground surface and/or into any street, sewer, ditch or drainageway, lake or stream within the jurisdiction of the Village of Nichols.
